Cloud Native Management & Orchestration  
**NVIDIA Base Command Manager**

Infrastructure Optimization

Infrastructure Management

## A Comprehensive Suite for Accelerating AI Innovation and Sovereignty

FPT AI Factory is an all-inclusive stack of High-Performance Infrastructure, Platform, and AI applications for end-to-end AI product lifecycle, boosting with the latest NVIDIA technologies to drive innovation and efficiency in large-scale AI and ML workloads, ensuring high performance and effortless adoption.

### FPT AI Infrastructure

Enterprise-grade GPU Cloud services with top performance, flexibility, and scalability to accelerate model development and deployment

### FPT AI Studio

An inclusive platform with a set of smart tools and services for building, pre-training, and fine-tuning AI models

### FPT AI Inference

A robust platform with a broad collection of high-performing models for deployment and scale

### FPT AI Agents

A state-of-the-art platform to create and operate multi-lingual AI Agents fueled by business knowledge, data, and culture

# Accelerating a Successful AI Journey with FPT AI Factory

The Finest Approach for AI Advancement & Sovereignty

## Top-notch AI Infrastructure

Access powerful supercomputers equipped with first-rate NVIDIA GPUs, ready for any use case with instant provision and scale.

Available in two regions:

**Vietnam and Japan**

## Diverse, Affordable Products & Services

Explore a variety of ready-to-use AI services, applications, and solutions for instant results. Suitable for any size of business with reasonable pricing tiers.

## Streamlined Resource Management

Archive up to 45% better TCO through predictable and optimized resource management.

## Built-in Security & Compliance

Run AI/ML securely with enterprise-grade protection, ensuring data sovereignty and safety.

## Strategic Partnership

# FPT AI Factory Development & Operations in Japan, Vietnam

# Be the First to Experience FPT AI Factory

Exclusive Offerings Available for Pre-orders

Enjoy priority availability of FPT AI Infrastructure at special rates

Get a first experience of FPT AI Factory's premium features, boosted by NVIDIA technologies

Earn Cloud Credits to access the full portfolio of AI products and Cloud services

Have tailored-made consultations with seasoned AI & Cloud experts and engineers

**Thank you!**
